

DNSSEC in .CL

ICANN 53 update

Hugo Salgado, hugo@nic.cl ICANN 53, Buenos Aires, Junio 2015

www.nic.el / www.n

.CL

- NIC Chile (Universidad de Chile) is the registry for .CL
- 480.000 domains
- Since 2013 anyone (not just nationals) can apply for a name.

So far in Chile...

- Since 2011 .CL DNSSEC signed in full production
- Custom solution for .CL / OpenDNSSEC for nic.cl and other zones (reverses, etc)
- In conversations with banks and Ministry of Finance (Treasury Department)
- Validation in local ISPs (VTR)
- Distributed Signatures (NIC Chile Labs)
- Talks and classes at universities.

What's next

- DNSSEC signing in new primary DNS services (2015)
- Strenghten relationship with Banks and Government
- Backing validation in ISPs
- Full production for Signature Expiration Monitor
- Tests and beta for Distributed Signature software
- Awareness through talks and trainings.
